- With cover color codes as follows:
1. 2. 3. 4. 5. 6. 7. 8. 9. 10. 11. 12. 13. 14. 15. 16. 17. 18. 19. 20. 21. 22. 23. 24. 25. 26. 27. 28. 29. 30. 31. 32. 33. 34. 35. 36. 37. 38. 39. 40. 41. 42. 43. 44. 45. 46. 47. 48. 49. 50. 51. 52. 53. 54. 55. 56. 57. 58. 59. 60. 61. 62. 63. 64. 65. 66. 67. 68. 69. 70. 71. 72. 73. 74. 75. 76. 77. 78. 79. 80. 81. 82. 83. 84. 85. 86. 87. 88. 89. 90. 91. 92. 93. 94. 95. 96. 97. 98. 99. 100.

- 1 The size of wires not indicated is 0.5mm².
 2 The wire numbers 900-999 show 12-voltage system.
 3. FL, FR, RL, and RR (for the outlet switch) indicate the outlet positions.
 4. With the outlet value indicator for a valve position.
 5. Apply to the outlet value indicator as shown in the figure.
 6. Apply to the outlet value indicator as shown in the figure.
 7. Apply to the outlet value indicator as shown in the figure.
 8. Apply to the outlet value indicator as shown in the figure.
 9. Apply to the outlet value indicator as shown in the figure.
 10. Apply to the outlet value indicator as shown in the figure.
 11. Apply to the outlet value indicator as shown in the figure.
 12. Apply to the outlet value indicator as shown in the figure.
 13. Apply to the outlet value indicator as shown in the figure.
 14. Apply to the outlet value indicator as shown in the figure.
 15. Apply to the outlet value indicator as shown in the figure.
 16. Apply to the outlet value indicator as shown in the figure.
 17. Apply to the outlet value indicator as shown in the figure.
 18. Apply to the outlet value indicator as shown in the figure.
 19. Apply to the outlet value indicator as shown in the figure.
 20. Apply to the outlet value indicator as shown in the figure.
 21. Apply to the outlet value indicator as shown in the figure.
 22. Apply to the outlet value indicator as shown in the figure.
 23. Apply to the outlet value indicator as shown in the figure.
 24. Apply to the outlet value indicator as shown in the figure.
 25. Apply to the outlet value indicator as shown in the figure.
 26. Apply to the outlet value indicator as shown in the figure.
 27. Apply to the outlet value indicator as shown in the figure.
 28. Apply to the outlet value indicator as shown in the figure.
 29. Apply to the outlet value indicator as shown in the figure.
 30. Apply to the outlet value indicator as shown in the figure.
 31. Apply to the outlet value indicator as shown in the figure.
 32. Apply to the outlet value indicator as shown in the figure.
 33. Apply to the outlet value indicator as shown in the figure.
 34. Apply to the outlet value indicator as shown in the figure.
 35. Apply to the outlet value indicator as shown in the figure.
 36. Apply to the outlet value indicator as shown in the figure.
 37. Apply to the outlet value indicator as shown in the figure.
 38. Apply to the outlet value indicator as shown in the figure.
 39. Apply to the outlet value indicator as shown in the figure.
 40. Apply to the outlet value indicator as shown in the figure.
 41. Apply to the outlet value indicator as shown in the figure.
 42. Apply to the outlet value indicator as shown in the figure.
 43. Apply to the outlet value indicator as shown in the figure.
 44. Apply to the outlet value indicator as shown in the figure.
 45. Apply to the outlet value indicator as shown in the figure.
 46. Apply to the outlet value indicator as shown in the figure.
 47. Apply to the outlet value indicator as shown in the figure.
 48. Apply to the outlet value indicator as shown in the figure.
 49. Apply to the outlet value indicator as shown in the figure.
 50. Apply to the outlet value indicator as shown in the figure.
 51. Apply to the outlet value indicator as shown in the figure.
 52. Apply to the outlet value indicator as shown in the figure.
 53. Apply to the outlet value indicator as shown in the figure.
 54. Apply to the outlet value indicator as shown in the figure.
 55. Apply to the outlet value indicator as shown in the figure.
 56. Apply to the outlet value indicator as shown in the figure.
 57. Apply to the outlet value indicator as shown in the figure.
 58. Apply to the outlet value indicator as shown in the figure.
 59. Apply to the outlet value indicator as shown in the figure.
 60. Apply to the outlet value indicator as shown in the figure.
 61. Apply to the outlet value indicator as shown in the figure.
 62. Apply to the outlet value indicator as shown in the figure.
 63. Apply to the outlet value indicator as shown in the figure.
 64. Apply to the outlet value indicator as shown in the figure.
 65. Apply to the outlet value indicator as shown in the figure.
 66. Apply to the outlet value indicator as shown in the figure.
 67. Apply to the outlet value indicator as shown in the figure.
 68. Apply to the outlet value indicator as shown in the figure.
 69. Apply to the outlet value indicator as shown in the figure.
 70. Apply to the outlet value indicator as shown in the figure.
 71. Apply to the outlet value indicator as shown in the figure.
 72. Apply to the outlet value indicator as shown in the figure.
 73. Apply to the outlet value indicator as shown in the figure.
 74. Apply to the outlet value indicator as shown in the figure.
 75. Apply to the outlet value indicator as shown in the figure.
 76. Apply to the outlet value indicator as shown in the figure.
 77. Apply to the outlet value indicator as shown in the figure.
 78. Apply to the outlet value indicator as shown in the figure.
 79. Apply to the outlet value indicator as shown in the figure.
 80. Apply to the outlet value indicator as shown in the figure.
 81. Apply to the outlet value indicator as shown in the figure.
 82. Apply to the outlet value indicator as shown in the figure.
 83. Apply to the outlet value indicator as shown in the figure.
 84. Apply to the outlet value indicator as shown in the figure.
 85. Apply to the outlet value indicator as shown in the figure.
 86. Apply to the outlet value indicator as shown in the figure.
 87. Apply to the outlet value indicator as shown in the figure.
 88. Apply to the outlet value indicator as shown in the figure.
 89. Apply to the outlet value indicator as shown in the figure.
 90. Apply to the outlet value indicator as shown in the figure.
 91. Apply to the outlet value indicator as shown in the figure.
 92. Apply to the outlet value indicator as shown in the figure.
 93. Apply to the outlet value indicator as shown in the figure.
 94. Apply to the outlet value indicator as shown in the figure.
 95. Apply to the outlet value indicator as shown in the figure.
 96. Apply to the outlet value indicator as shown in the figure.
 97. Apply to the outlet value indicator as shown in the figure.
 98. Apply to the outlet value indicator as shown in the figure.
 99. Apply to the outlet value indicator as shown in the figure.
 100. Apply to the outlet value indicator as shown in the figure.
